Working with us

“Despite being a fairly new addition to BHP Law, I have felt very encouraged and supported with my progression and look forward to what the future may bring.”

“BHP Law provided me a platform to kickstart my career in Law in the midst of a global pandemic, this reinforced my opinion that BHP Law is an excellent firm, investing in the young people of the future.”

“I started BHP Law over 18 years ago as an HR Assistant, and BHP Law have supported me to progress to the role Head of People Services with training, guidance, mentoring and flexible working.”

"I have the best team in the world, and they always encourage me to progress. In the last five years I've gone from an administration assistant to just starting my Paralegal Apprentice and I couldn't have done it without them."

"I came to BHP Law in 2010 as a PA. From day one every employee of BHP Law has supported my passion to expand my knowledge and progress my career. Fast forward 13 years, I now lead the Residential Conveyancing team and I'm a Partner within the firm."

"I've been given the opportunity to develop within the firm and that in turn has given me the opportunity to help develop the skills and progress the careers of others. It's a pleasure to see those around me grow and develop into better lawyers each day."
